4. DETAILS OF THE OFFER

4.1 The Offer

The Offer is being made as a non-renounceable entitlement issue of two Shares for every three Shares held by Eligible Shareholders at an issue price of \$0.002 per Share, together with one free attaching New Option for every two Shares subscribed for and issued. Fractional Entitlements will be rounded up to the nearest whole number.

Based on the capital structure of the Company as at the date of this Prospectus (and assuming no existing Options are exercised prior to the Record Date), a maximum of 307,239,839 Shares and 153,619,919 New Options will be issued pursuant to this Offer, to raise up to \$614,480. No funds will be raised from the issue of the New Options.

As at the date of this Prospectus the Company has 89,500,000 Options on issue, all of which are capable of being exercised prior to the Record Date in order to participate in the Offer. Please refer to section 5.4 of this Prospectus for information on the exercise price and expiry date of the Options currently on issue.

All of the Shares offered under this Prospectus will rank equally with the Shares on issue at the date of this Prospectus. Please refer to section 6.1 for further information regarding the rights and liabilities attaching to the Shares.

All of the New Options offered under this Prospectus will be issued on the terms and conditions set out in section 6.2 of this Prospectus.

All Shares issued on conversion of the New Options will rank equally with the Shares on issue at the date of this Prospectus.

The purpose of the Offer and the intended use of funds raised are set out in Section 5.1.

4.2 Underwriter Options Offer

This Prospectus includes the offer of 20,000,000 New Options to the Underwriter as part consideration for services provided to the Company in connection with the Offer (**Underwriter Offer**).

The issue of the 20,000,000 New Options under the Underwriter Offer will be made pursuant to the Company's existing placement capacity under ASX Listing Rule 7.1.

Only the Underwriter (or its nominees) may accept the Underwriter Offer, by using the relevant Application Form in relation to the Underwriter Offer. A personalised Application Form in relation to the Underwriter Offer will be issued to the Underwriter together with a copy of this Prospectus.

No funds will be raised from the Underwriter Offer as relevant New Options are being issued as consideration for services provided to the Company by the Underwriter.

4.3 Minimum subscription

On the basis that the Offer is fully underwritten, the minimum subscription is also the full subscription under the Offer.

4.4 Acceptance

Your acceptance of the Offer must be made on the Entitlement and Acceptance Form accompanying this Prospectus. Your acceptance must not exceed your Entitlement as shown on that form. If it does, your acceptance will be deemed to be for the maximum Entitlement.

You may participate in the Offer as follows:

- (a) if you wish to accept your **full** Entitlement:
 - (i) complete the Entitlement and Acceptance Form; and
 - (ii) attach your cheque, drawn on an Australian bank or bank draft made payable in Australian currency, for the amount indicated on the Entitlement and Acceptance Form; or
- (b) if you only wish to accept **part** of your Entitlement:
 - (i) fill in the number of Shares you wish to accept in the space provided on the Entitlement and Acceptance Form; and
 - (ii) attach your cheque, drawn on an Australian bank or bank draft made payable in Australian currency, for the appropriate Application Monies (at \$0.002 per Share); or
- (c) if you do not wish to accept all or part of your Entitlement, you are not obliged to do anything.

The Offer is non-renounceable. Accordingly, you cannot sell or transfer all or part of your Entitlement.

One New Option will be issued for every two Shares subscribed for and issued under the Offer.

4.5 Payment by cheque/bank draft

All cheques must be drawn on an Australian bank or bank draft made payable in Australian currency to "Jacka Resources Limited – Share Issue Account" and crossed "Not Negotiable".

Your completed Entitlement and Acceptance Form and cheque must reach the address specified on the Entitlement and Acceptance Form no later than 5:00pm WST on the Closing Date.

4.6 Payment by BPAY®

For payment by BPAY®, please follow the instructions on the Entitlement and Acceptance Form. You can only make a payment via BPAY® if you are the holder of an account with an Australian financial institution that supports BPAY® transactions. Please note that should you choose to pay by BPAY®:

- (a) you do not need to submit the Entitlement and Acceptance Form but are taken to have made the declarations on that Entitlement and Acceptance Form; and

- (b) if you do not pay for your Entitlement in full, you are deemed to have taken up your Entitlement in respect of such whole number of Shares which is covered in full by your Application Monies.

If you have more than one shareholding of Shares and consequently receive more than one Entitlement and Acceptance Form, when taking up your Entitlement in respect of one of those Shareholdings you must use only the unique customer reference number (CRN) specific to that Shareholding as set out in the applicable Entitlement and Acceptance Form. Do not use the same CRN for more than one of your Shareholdings. This can result in your Application Monies being applied to your Entitlement in respect of only one of your Shareholdings (with the result that any application in respect of your remaining Shareholdings will not be valid).

It is your responsibility to ensure that your BPAY® payment is received by the share registry by no later than 4:00 pm (WST) on the Closing Date. You should be aware that your financial institution may implement earlier cut-off times with regards to electronic payment and you should therefore take this into consideration when making payment. The Company will not be responsible for any delays in the receipt of the BPAY® payment. Any Application Monies received for more than your final allocation of Shares (where the excess payment is \$1.00 or greater) will be refunded. No interest will be paid on any Application Monies received or refunded.

4.7 Implications of an acceptance

Returning a completed Entitlement and Acceptance Form with a cheque or paying any Application Monies by BPAY® will be taken to constitute a representation by you that:

- (a) you have received a copy of this Prospectus and the accompanying Entitlement and Acceptance Form, and read them both in their entirety;
- (b) you acknowledge that once the Entitlement and Acceptance Form is returned, or a BPAY® payment instruction is given in relation to any Application Monies, the application may not be varied or withdrawn except as required by law.

4.8 Underwriter Offer

The Underwriter Offer is a personal offer to the Underwriter (or its nominees). As such, New Options offered under the Underwriter Offer will be issued to the Underwriter (or its nominees) only.

4.9 Underwriting

The Offer is fully underwritten by the Underwriter. Refer to Section 8.1 for details of the terms of the underwriting.

Neil Fearis and James Robinson, each a Director of the Company, or their respective nominees, have entered into agreements with the Underwriter to sub-underwrite the Offer. Neil Fearis will sub-underwrite the Offer up to \$5,000 (in addition to his Entitlement) and James Robinson will sub-underwrite the Offer up to \$20,000 (in addition to his Entitlement). The allocation of the Shortfall between the sub-underwriters will be at the discretion of the Underwriter.

4.10 Effect of control on the Company and potential dilution to Shareholders

The Underwriter is not presently a Shareholder, and the extent to which Shares are issued to the Underwriter pursuant to the Underwriting Agreement will determine the Underwriter's voting power in the Company. The Underwriter's present voting power and changes to that voting power under various scenarios are set out in the table below:

Event	Shares held by Underwriter	Voting power of Underwriter
Date of Prospectus	Nil	0.00%
Completion of Entitlement Issue:		
Fully subscribed	Nil	0.00%
75% subscribed	76,809,960	10%
50% subscribed	153,619,919	20%
25% subscribed	230,429,879	30%
0% subscribed	307,239,839	40%

The number of Shares held by the Underwriter and its voting power in the table above show the potential effect of the underwriting of the Offer. However, it is unlikely that no Shareholders will take up entitlements under the Offer. The underwriting obligation and therefore voting power of the Underwriter will reduce by an amount corresponding to the Entitlements or Shortfall Shares taken up by Shareholders. Furthermore, the voting power of the Underwriter will also be reduced to the extent that sub-underwriters take up any Shortfall and/or the Underwriter procures subscriptions for the Shortfall Shares from other investors.

If Neil Fearis (or his nominee) is required to take up his full sub-underwriting commitment of 2,500,000 Shares, Mr Fearis will, together with his current holding and upon taking up his full Entitlement, have a relevant interest in 1.63% of the Shares on issue following completion of the Offer. Mr Fearis will also be entitled to receive 1,250,000 New Options under the terms of the Offer as part of his sub-underwriting commitment. On a fully diluted basis (assuming no other Options have been exercised or Shares issued) Mr Fearis's relevant interest upon completion of the Offer would be 2.30%.

If James Robinson (or his nominee) is required to take up his full sub-underwriting commitment of 10,000,000 Shares, Mr Robinson will, together with his current holding and upon taking up his full Entitlement, have a relevant interest in 1.63% of the Shares on issue following completion of the Offer. Mr Robinson will also be entitled to receive 5,000,000 New Options under the terms of the Offer as part of his sub-underwriting commitment. On a fully diluted basis (assuming no other Options have been exercised or Shares issued) Mr Robinson's relevant interest upon completion of the Offer would be 2.52%.

The Company and the Underwriter have confirmed that no sub-underwriter nor existing Shareholder will increase its voting power to above 19.9% as a result of the Offer.

Shareholders should note that if they do not participate in the Offer, their holdings are likely to be diluted by approximately 40% (as compared to their holdings and number of Shares on issue as at the date of this Prospectus). Examples of how the dilution may impact Shareholders are set out in the table below:

Holder	Holding as at Record date	% at Record Date	Entitlements under the Offer	Holdings if Offer not taken Up	% post Offer if not taken up
Shareholder 1	50,000,000	10.85%	25,000,000	50,000,000	6.51%
Shareholder 2	25,000,000	5.42%	12,500,000	25,000,000	3.25%
Shareholder 3	10,000,000	2.17%	5,000,000	10,000,000	1.30%
Shareholder 4	5,000,000	1.08%	2,500,000	5,000,000	0.65%
Shareholder 5	1,000,000	0.22%	500,000	1,000,000	0.13%

Notes:

- The dilutionary effect shown in the table is the maximum percentage on the assumption that those Entitlements not accepted are placed under the Shortfall Offer (whether with existing Shareholders, the Underwriter, or investors introduced by the Underwriter). In the event not all Entitlements are accepted and some or all of the resulting Shortfall is not subsequently placed, the dilution effect for each Shareholder not accepting his Entitlement would be a lesser percentage. Percentages post-Offer have been calculated on the basis of there being 768,099,597 Shares on issue on completion of the Offer. Refer to Section 5.4 for further details of the Company's capital structure.

4.11 Shortfall Offer

Any Entitlement not taken up pursuant to the Offer will form part of the Shortfall Offer.

The Shortfall Offer is a separate offer made pursuant to this Prospectus and will remain open for up to three months following the Closing Date. The issue price for each Share to be issued under the Shortfall Offer will be \$0.002, being the price at which Shares have been offered under the Offer.

Eligible Shareholders who wish to subscribe for Securities above their Entitlement are invited to apply for additional Securities under the Shortfall Offer by completing the appropriate section on their Entitlement and Acceptance Form or by making payment for such Shares using BPAY®. Securities will be issued under the Shortfall Offer at the absolute discretion of the Underwriter (in consultation with the Directors), and as such there is no guarantee that any Shortfall Shares applied for will be issued to Eligible Shareholders.

No Shares will be issued to an applicant under this Prospectus or via the Shortfall Offer if the issue of Shares would contravene the takeover prohibition in section 606 of the Corporations Act.

4.12 ASX listing

Application for Official Quotation of the Securities offered pursuant to this Prospectus will be made in accordance with the timetable set out at the commencement of this Prospectus. If ASX does not grant Official Quotation of the Securities offered pursuant to this Prospectus before the expiration of three months after the date of issue of the Prospectus, (or such period as varied by ASIC), the Company will not issue any Securities and will repay all Application Monies for the Securities within the time prescribed under the Corporations Act, without interest.

The fact that ASX may grant Official Quotation of the Securities is not to be taken in any way as an indication of the merits of the Company or the Securities now offered for subscription.

4.13 Issue of Securities

Securities issued pursuant to the Offers will be issued in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus.

Where the number of Securities issued is less than the number applied for, surplus Application Monies will be refunded without any interest to the Applicant as soon as practicable after the Closing Date or the issue of Securities under the Shortfall Offer, as the context requires.

Pending the issue of the Securities or payment of refunds pursuant to this Prospectus, all Application Monies will be held by the Company in trust for the Applicants in a separate bank account as required by the Corporations Act. The Company, however, will be entitled to retain all interest that accrues on the bank account and each Applicant waives the right to claim interest.

Holding statements for Securities issued under the Offers will be mailed in accordance with the ASX Listing Rules and timetable set out at the commencement of this Prospectus and for Shortfall Securities issued under the Shortfall Offer as soon as practicable after their issue.

4.14 Jurisdictions in which Offer will be made

This document is only intended to be distributed and made available to existing Shareholders and is personal to each Shareholder to whom it has been delivered. The Offers do not, and are not intended to, constitute an offer in any place or jurisdiction in which, or to any person to whom, it would not be lawful to make such an offer or to issue this Prospectus.

It is not practicable for the Company to comply with the securities laws of overseas jurisdictions having regard to the number of overseas Shareholders, the number and value of Shares these Shareholders would be offered, and the cost of complying with regulatory requirements in each relevant jurisdiction. Accordingly, the Offer is not being extended and Securities will not be issued to Shareholders with a registered address which is outside Australia and New Zealand.

The Offer is being made in New Zealand pursuant to the Financial Markets Conduct (Incidental Offers) Exemption Notice 2016.

The distribution of this Prospectus in jurisdictions outside Australia and New Zealand may be restricted by law and persons who come into possession of this Prospectus should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities laws. No action has been taken to register or qualify the Securities the subject of this Prospectus or otherwise to permit a public offering of the Securities the subject of this Prospectus in any jurisdiction outside Australia and New Zealand.

If you are outside Australia and New Zealand it is your responsibility to obtain all necessary approvals for the issue of the Securities pursuant to this Prospectus. The return of a completed Application Form or paying any Application Monies by BPAY® will be taken by the Company to constitute a representation and warranty by you that all relevant approvals have been obtained.

Nominees and custodians

Nominees and custodians may not submit an Entitlement and Acceptance Form on behalf of any person resident outside Australia and New Zealand without the prior consent of the Company, taking into account relevant securities law

restrictions. Return of a duly completed Entitlement and Acceptance Form or paying any Application Monies by BPAY® will be taken by the Company to constitute a representation that there has been no breach of those regulations.

4.15 Enquiries

Any questions concerning the Offer should be directed to the Company on (08) 9481 0389.

6. RIGHTS AND LIABILITIES ATTACHING TO SHARES

- (i) each Shareholder entitled to vote may vote in person or by proxy, attorney or representative;
- (ii) on a show of hands, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder has one vote; and
- (iii) on a poll, every person present who is a Shareholder or a proxy, attorney or representative of a Shareholder shall, in respect of each fully paid Share held by him, or in respect of which he is appointed a proxy, attorney or representative, have one vote for each Share held, but in respect of partly paid shares shall have such number of votes as bears the same proportion to the total of such Shares registered in the Shareholder's name as the amount paid (not credited) bears to the total amounts paid and payable (excluding amounts credited).

(c) Dividend rights

Subject to the rights of any preference Shareholders and to the rights of the holders of any shares created or raised under any special arrangement as to dividend, the Directors may from time to time declare a dividend to be paid to the Shareholders entitled to the dividend which shall be payable on all Shares according to the proportion that the amount paid (not credited) is of the total amounts paid and payable (excluding amounts credited) in respect of such Shares.

The Directors may from time to time pay to the Shareholders any interim dividends as they may determine. No dividend shall carry interest as against the Company. The Directors may set aside out of the profits of

the Company any amounts that they may determine as reserves, to be applied at the discretion of the Directors, for any purpose for which the profits of the Company may be properly applied.

Subject to the ASX Listing Rules and the Corporations Act, the Company may, by resolution of the Directors, implement a dividend reinvestment plan on such terms and conditions as the Directors think fit for cash dividends paid by the Company in respect of shares issued by the Company and interest paid by the Company on unsecured notes or debenture stock issued by the Company to be reinvested by way of subscription for shares in the Company.

(d) **Winding-up**

If the Company is wound up, the liquidator may, with the authority of a special resolution, divide among the Shareholders in kind the whole or any part of the property of the Company, and may for that purpose set such value as he considers fair upon any property to be so divided, and may determine how the division is to be carried out as between the Shareholders or different classes of Shareholders.

The liquidator may, with the authority of a special resolution, vest the whole or any part of any such property in trustees upon such trusts for the benefit of the contributories as the liquidator thinks fit, but so that no Shareholder is compelled to accept any shares or other securities in respect of which there is any liability.

(e) **Shareholder liability**

As the Shares issued will be fully paid shares, they will not be subject to any calls for money by the Directors and will therefore not become liable for forfeiture.

(f) **Transfer of shares**

Generally, Shares are freely transferable, subject to formal requirements, the registration of the transfer not resulting in a contravention of or failure to observe the provisions of a law of Australia and the transfer not being in breach of the Corporations Act and the ASX Listing Rules.

(g) **Future increase in capital**

The issue of any new Shares is under the control of the Directors of the Company. Subject to restrictions on the issue or grant of Securities contained in the ASX Listing Rules, the Constitution and the Corporations Act (and without affecting any special right previously conferred on the holder of an existing share or class of shares), the Directors may issue Shares as they shall, in their absolute discretion, determine.

(h) **Variation of rights**

Under section 246B of the Corporations Act, the Company may, with the sanction of a special resolution passed at a meeting of Shareholders vary or abrogate the rights attaching to shares.

If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class), whether or not the Company is being

wound up, may be varied or abrogated with the consent in writing of the holders of three quarters of the issued shares of that class, or if authorised by a special resolution passed at a separate meeting of the holders of the shares of that class.

(i) **Alteration of constitution**

In accordance with the Corporations Act, the Constitution can only be amended by a special resolution passed by at least three quarters of Shareholders present and voting at the general meeting. In addition, at least 28 days written notice specifying the intention to propose the resolution as a special resolution must be given.

(c) **Expiry Date**

Each New Option will expire at 5:00 pm (WST) on 30 June 2021 (**Expiry Date**). A New Option not exercised before the Expiry Date will automatically lapse on the Expiry Date.

(d) **Exercise Period**

The New Options are exercisable at any time on or prior to the Expiry Date (**Exercise Period**).

(e) **Notice of Exercise**

The New Options may be exercised during the Exercise Period by notice in writing to the Company in the manner specified on the New Option certificate (**Notice of Exercise**) and payment of the Exercise Price for each New Option being exercised in Australian currency by electronic funds transfer or other means of payment acceptable to the Company.

(f) **Exercise Date**

A Notice of Exercise is only effective on and from the later of the date of receipt of the Notice of Exercise and the date of receipt of the payment of the Exercise Price for each New Option being exercised in cleared funds (**Exercise Date**).

(g) **Timing of issue of Shares on exercise**

Within 15 Business Days after the Exercise Date, the Company will:

- (i) issue the number of Shares required under these terms and conditions in respect of the number of New Options specified in

the Notice of Exercise and for which cleared funds have been received by the Company;

- (ii) if required, give ASX a notice that complies with section 708A(5)(e) of the Corporations Act, or, if the Company is unable to issue such a notice, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors; and
- (iii) if admitted to the official list of ASX at the time, apply for official quotation on ASX of Shares issued pursuant to the exercise of the New Options.

If a notice delivered under (g)(ii) for any reason is not effective to ensure that an offer for sale of the Shares does not require disclosure to investors, the Company must, no later than 20 Business Days after becoming aware of such notice being ineffective, lodge with ASIC a prospectus prepared in accordance with the Corporations Act and do all such things necessary to satisfy section 708A(11) of the Corporations Act to ensure that an offer for sale of the Shares does not require disclosure to investors.

(h) **Shares issued on exercise**

Shares issued on exercise of the New Options rank equally with the then issued shares of the Company.

(i) **Reconstruction of capital**

If at any time the issued capital of the Company is reconstructed, all rights of a New Option holder are to be changed in a manner consistent with the Corporations Act and the ASX Listing Rules at the time of the reconstruction.

(j) **Participation in new issues**

There are no participation rights or entitlements inherent in the New Options and holders will not be entitled to participate in new issues of capital offered to Shareholders during the currency of the New Options without exercising the New Options.

(k) **Change in exercise price**

A New Option does not confer the right to a change in Exercise Price or a change in the number of underlying securities over which the New Option can be exercised.

(l) **Transferability**

The New Options are transferable subject to any restriction or escrow arrangements imposed by ASX or under applicable Australian securities laws.

(m) **Quotation**

The Company will seek to have the New Options quoted by ASX.

7. RISK FACTORS

7.1 Introduction

The Securities offered under this Prospectus are considered highly speculative. An investment in the Company is not risk free and the Directors strongly recommend potential investors to consider the risk factors described below, together with information contained elsewhere in this Prospectus and to consult their professional advisers before deciding whether to apply for Securities pursuant to this Prospectus.

There are specific risks which relate directly to the Company's business. In addition, there are other general risks, many of which are largely beyond the control of the Company and the Directors. The risks identified in this section, or other risk factors, may have a material impact on the financial performance of the Company and the market price of the Securities.

The following is not intended to be an exhaustive list of the risk factors to which the Company is exposed.

7.2 Company specific

(a) Going concern risk

While completing the audit review of the Company's half yearly financial report for the half-year ended 31 December 2017, the Company's auditor, Bentleys included a 'going concern' material uncertainty in the financial report.

Notwithstanding the 'going concern' material uncertainty included in the half yearly financial report, the Directors believe that upon the successful completion of the Offer the Company will have sufficient funds to adequately meet the Company's short term working capital requirements.

However, it is highly likely that further funding will be required to meet the medium to long term working capital costs of the Company. Please refer to Section 7.2(b) below for further details.

(b) Inability to meet ASX listing requirements with respect to level of operations

In accordance with ASX Listing Rule 12.1, the Company is required to maintain a level of operations sufficient to warrant the continued quotation of the Company's securities and its continued listing.

As announced on 21 March 2018, ASX advised the Company will be afforded a period of six months to demonstrate to the ASX that it is in compliance with ASX Listing Rule 12.1. Accordingly, if the Company is unable to demonstrate compliance with this rule by 20 September 2018, ASX may suspend the Company's securities from official quotation.

The Directors have been actively reviewing a number of proposals and investments (**Investment Opportunities**). However, as at the date of this Prospectus none of these has reached a stage where disclosure would be required under ASX Listing Rule 3.1 or would constitute information of the type described in section 713(5) of the Corporations Act.

There is a risk the Company will be unable to meet the requirements of ASX Listing Rule 12.1 by 20 September 2018. If this were to occur, the Company's securities would be suspended from official quotation.

(c) **Potential for significant dilution**

Upon implementation of the Offer, assuming all Entitlements are accepted and no Options are exercised prior to the Record Date the number of Shares will increase from 460,859,758 currently on issue to 768,099,597. This means that each Share will represent a significantly lower proportion of the ownership of the Company. However, it is noted that if a Shareholder accepts his Entitlement in full there will be no change to his percentage ownership in the Company if all other Shares under the Offer are issued.

It is not possible to predict what the value of the Company or a Share will be following the completion of the Offer being implemented and the Directors do not make any representation as to such matters. The last trading price of Shares on ASX prior to the date of this Prospectus is not a reliable indicator as to the potential trading price of Shares after implementation of the Offer.

(d) **Future funding requirements**

It is necessary for the Company to undertake the Offer to ensure that it has sufficient capital to meet anticipated compliance and administrative costs, as well as costs necessary to advance the Company to the stage of identifying, investigating and undertaking an Investment Opportunity to reinvigorate its activity profile.

Even if the Offer is completed successfully, the Company will require additional funding in the future in order to develop its business (assuming that an Investment Opportunity is identified). In addition, it is highly likely that regardless of the successful completion of the Offer, the Company will also need to undertake an additional capital raising to raise additional funds to meet its administration and working capital costs in the medium to long term.

Any additional equity financing may be dilutive to Shareholders and any debt financing if available may involve restrictive covenants, which may limit the Company's operations and business strategy.

Further, there can be no assurance that any such equity or debt funding will be available for the Company on favourable terms or at all. If adequate funds are not available on acceptable terms, there is significant uncertainty as to whether the Company can continue as a going concern. Accordingly, the Company's failure to raise capital if and when needed could delay or suspend the Company's business strategy and could have a material adverse effect on the Company's activities.

(e) **Risks associated with investment**

Prospective investors should be aware that the market price of the Shares may be influenced by many unpredictable factors and that subscribing for Shares involves various risks. The value of the Company's securities on the ASX may rise and fall depending on a range of factors, some of which are beyond the control of the Company.

The Securities being offered under this Prospectus are considered highly speculative due to the present stage of the Company's operations. This Prospectus carries no guarantee with respect to the return of capital or price at which the Securities will trade.

(f) **Investment strategy**

Currently and following completion of the Offer, the Directors intend to continue to seek out new opportunities as well as explore opportunities that expand upon the Company's existing business activities. As these opportunities are still being assessed at the date of this Prospectus, significant risks exist in relation to the Directors' ability to identify suitable opportunities and then successfully exploit those opportunities. There may also be additional risks which the Company is exposed to as a result of these acquisitions, which are unknown at the date of this Prospectus and accordingly, are unable to be disclosed.

As part of its business strategy, the Company may make acquisitions of, or significant investments in, complementary companies or assets. Any such transactions would be accompanied by the risks inherent in making acquisitions of companies and assets. For example, there may be liabilities in connection with such acquisitions which are not identified in the Company's due diligence or the acquisitions may not prove to be successful.

(g) **Risks associated with development of a project**

Development of any project will likely require substantial capital expenditure, experienced personnel and regulatory approvals. While members of the Board have experience in exploration and development projects, the Company is still presently evaluating possible proposals and investments.

The acquisition of a new project (whether completed or not) may require the payment of monies (as a deposit and/or exclusivity fee) after only limited due diligence and prior to the completion of comprehensive due diligence. There can be no guarantee that any proposed project will be completed or successful. If a proposed project is not completed, monies already advanced may not be recoverable, which may have a material adverse effect on the Company.

Any project may not have all the necessary authorisations and approvals for development. Accordingly, and as a result of the additional risks identified below and elsewhere in this Prospectus, the Company may not be able to develop any new projects as planned or at all.

Any new project or business acquisition may change the risk profile of the Company, particularly if the new project is located in another jurisdiction, involving a new commodity and/or changes the Company's capital/funding requirements. Should the Company propose or complete the acquisition of a new project or business activity, investors should re-assess their investment in the Company in light of the new project/business activity.

7.3 General risks

(a) **Economic**

General economic conditions, movements in interest and inflation rates and currency exchange rates may have an adverse effect on the Company's exploration, development and production activities, as well as on its ability to fund those activities.

(b) **Market conditions**

Share market conditions may affect the value of the Company's quoted securities regardless of the Company's operating performance. Share market conditions are affected by many factors such as:

- (i) general economic outlook;
- (ii) introduction of tax reform or other new legislation;
- (iii) interest rates and inflation rates;
- (iv) changes in investor sentiment toward particular market sectors;
- (v) the demand for, and supply of, capital; and
- (vi) terrorism or other hostilities.

The market price of securities can fall as well as rise and may be subject to varied and unpredictable influences on the market for equities in general and resource exploration stocks in particular. Neither the Company nor the Directors warrant the future performance of the Company or any return on an investment in the Company.

(c) **Security Investments**

Applicants should be aware that there are risks associated with any securities investment. Securities listed on the stock market, and in particular securities of mining and exploration companies have experienced extreme price and volume fluctuations that have often been unrelated to the operating performances of such companies. These factors may materially affect the market price of the securities regardless of the Company's performance.

(d) **The Company is subject to litigation risks**

The Company is subject to litigation risks. All industries, including the mining industry, are subject to legal claims, with and without merit. Defence and settlement costs of legal claims can be substantial, even with respect to claims that have no merit. Due to the inherent uncertainty of the litigation process, the resolution of any particular legal proceeding to which the Company is or may become subject could have a material effect on its financial position, results of operations or the Company's mining and project development operations.

(e) **Taxation**

The acquisition and disposal of Securities will have tax consequences, which will differ depending on the individual financial affairs of each

investor. All potential investors in the Company are urged to obtain independent financial advice about the consequences of acquiring Securities from a taxation viewpoint and generally.

To the maximum extent permitted by law, the Company, its officers and each of their respective advisors accept no liability and responsibility with respect to the taxation consequences of subscribing for Securities under this Prospectus.

(f) **Reliance on key personnel**

The responsibility of overseeing the day-to-day operations and the strategic management of the Company depends substantially on its senior management and its key personnel. There can be no assurance given that there will be no detrimental impact on the Company if one or more of these employees cease their employment.

7.4 Speculative investment

The above list of risk factors ought not to be taken as exhaustive of the risks faced by the Company or by investors in the Company. The above factors, and others not specifically referred to above, may in the future materially affect the financial performance of the Company and the value of the Securities offered under this Prospectus

Therefore, the Securities to be issued pursuant to this Prospectus carry no guarantee with respect to the payment of dividends, returns of capital or the market value of those Securities.

Potential investors should consider that the investment in the Company is speculative and should consult their professional advisers before deciding whether to apply for Securities pursuant to this Prospectus.

9. ADDITIONAL INFORMATION

9.1 Litigation

As at the date of this Prospectus, the Company is not involved in any legal proceedings and the Directors are not aware of any legal proceedings pending or threatened against the Company.

9.2 Continuous disclosure obligations

The Company is a “disclosing entity” (as defined in section 111AC of the Corporations Act) for the purposes of section 713 of the Corporations Act and, as such, is subject to regular reporting and disclosure obligations. Specifically, like all listed companies, the Company is required to continuously disclose any information it has to the market which a reasonable person would expect to have a material effect on the price or the value of the Company’s securities.

This Prospectus is a “transaction-specific prospectus”. In general terms a “transaction-specific prospectus” is only required to contain information in relation to the effect of the issue of securities on a company and the rights attaching to the securities. It is not necessary to include general information in relation to all of the assets and liabilities, financial position, profits and losses or prospects of the issuing company.

This Prospectus is intended to be read in conjunction with the publicly available information in relation to the Company which has been notified to ASX and does not include all of the information that would be included in a prospectus for an initial public offering of securities in an entity that is not already listed on a stock exchange. Investors should therefore have regard to the other publicly available information in relation to the Company before making a decision whether or not to invest.

Having taken such precautions and having made such enquires as are reasonable, the Company believes that it has complied with the general and specific requirements of ASX as applicable from time to time throughout the 3 months before the issue of this Prospectus which required the Company to notify ASX of information about specified events or matters as they arise for the purpose of ASX making that information available to the stock market conducted by ASX.

Information that is already in the public domain has not been reported in this Prospectus other than that which is considered necessary to make this Prospectus complete.

The Company, as a disclosing entity under the Corporations Act states that:

- (a) it is subject to regular reporting and disclosure obligations;
- (b) copies of documents lodged with ASIC in relation to the Company (not being documents referred to in section 1274(2)(a) of the Corporations Act) may be obtained from, or inspected at, the offices of the ASIC; and
- (c) it will provide a copy of each of the following documents, free of charge, to any person on request between the date of issue of this Prospectus and the Closing Date:
 - (i) the annual financial report most recently lodged by the Company with the ASIC;

- (ii) any half-year financial report lodged by the Company with the ASIC after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC; and
- (iii) any continuous disclosure documents given by the Company to ASX in accordance with the ASX Listing Rules as referred to in section 674(1) of the Corporations Act after the lodgement of the annual financial report referred to in (i) and before the lodgement of this Prospectus with the ASIC.

Copies of all documents lodged with the ASIC in relation to the Company can be inspected at the registered office of the Company during normal office hours.

Details of documents lodged by the Company with ASX since the date of lodgement of the Company's latest annual financial report and before the lodgement of this Prospectus with the ASIC are set out in the table below.

Remuneration

The remuneration of an executive Director is decided by the Board, without the affected executive Director participating in that decision-making process. The total maximum remuneration of non-executive Directors is initially set by the Constitution and subsequent variation is by ordinary resolution of Shareholders in general meeting in accordance with the Constitution, the Corporations Act and the ASX Listing Rules, as applicable. The determination of non-executive Directors' remuneration within that maximum will be made by the Board having regard to the inputs and value to the Company of the respective contributions by each non-executive Director. The current amount has been set at an amount not to exceed \$300,000 per annum.

A Director may be paid fees or other amounts (ie non-cash performance incentives such as Options, subject to any necessary Shareholder approval) as the other Directors determine where a Director performs special duties or otherwise performs services outside the scope of the ordinary duties of a Director. In addition, Directors are also entitled to be paid reasonable travelling, hotel and other expenses incurred by them respectively in or about the performance of their duties as Directors.

The following table shows the total (and proposed) annual remuneration paid to both executive and non-executive directors.

9.7 Electronic prospectus

The Corporations Act allows distribution of an electronic copy of this prospectus and an electronic application form on the basis of a paper prospectus lodged with the ASIC.

If you have received this Prospectus as an electronic Prospectus, please ensure that you have received the entire Prospectus accompanied by the Application Forms. If you have not, please phone the Company on +61 8 9481 0389 and the Company will send you, for free, either a hard copy or a further electronic copy of the Prospectus, or both. Alternatively, you may obtain a copy of this Prospectus from the Company's website at www.jackaresources.com.au.

The Company reserves the right not to accept an Application Form from a person if it has reason to believe that when that person was given access to the electronic Application Form, it was not provided together with the electronic Prospectus and

any relevant supplementary or replacement prospectus or any of those documents were incomplete or altered.

9.8 Financial forecasts

The Directors have considered the matters set out in ASIC Regulatory Guide 170 and believe that they do not have a reasonable basis to forecast future earnings on the basis that the operations of the Company are inherently uncertain. Accordingly, any forecast or projection information would contain such a broad range of potential outcomes and possibilities that it is not possible to prepare a reliable best estimate forecast or projection.

9.9 Clearing House Electronic Sub-Register System (CHES) and Issuer Sponsorship

The Company will not be issuing share certificates. The Company is a participant in CHES, for those investors who have, or wish to have, a sponsoring stockbroker. Investors who do not wish to participate through CHES will be issuer sponsored by the Company. Because the sub-registers are electronic, ownership of securities can be transferred without having to rely upon paper documentation.

Electronic registers mean that the Company will not be issuing certificates to investors. Instead, investors will be provided with a statement (similar to a bank account statement) that sets out the number of Shares issued to them under this Prospectus. The notice will also advise holders of their Holder Identification Number or Security Holder Reference Number and explain, for future reference, the sale and purchase procedures under CHES and issuer sponsorship.

Further monthly statements will be provided to holders if there have been any changes in their security holding in the Company during the preceding month.

9.10 Privacy Act

If you complete an application for Securities, you will be providing personal information to the Company (directly or by the Company's share registry). The Company collects, holds and will use that information to assess your application, service your needs as a holder of equity securities in the Company, facilitate distribution payments and corporate communications to you as a Shareholder and carry out administration.

The information may also be used from time to time and disclosed to persons inspecting the register, bidders for your securities in the context of takeovers, regulatory bodies, including the Australian Taxation Office, authorised securities brokers, print service providers, mail houses and the Company's share registry.

You can access, correct and update the personal information that we hold about you. Please contact the Company or its share registry if you wish to do so at the relevant contact numbers set out in this Prospectus.

Collection, maintenance and disclosure of certain personal information is governed by legislation including the Privacy Act 1988 (Cth) (as amended), the Corporations Act and certain rules such as the ASX Settlement Operating Rules. You should note that if you do not provide the information required on the application for Securities, the Company may not be able to accept or process your application.
